

ISO 9001:2000 Certified

THIS IS NOT JUST A HEAVY HEX NUT.

IT'S A WIND TURBINE, A BUILDING, OR EVEN A BRIDGE.

Every product we produce is part of something bigger. For over 40 years Coupling Nut Supply has been the renowned leader in the production of coupling nuts. We base that dedication and commitment into producing one of the best Heavy Hex Nuts on the market.

Features Include:

- Manufactured in accordance with ASTM standards
- Standard and custom sizes (1 3/4" and above)
- Domestically manufactured
- Grades A194 and A563
- Plain or hot galvanized
- Steel, stainless or aluminum options
- Stocking and warehouse programs

Give us an opportunity to be your Heavy Hex Nut solution.
